

This is a digital copy of a book that was preserved for generations on library shelves before it was carefully scanned by Google as part of a project to make the world's books discoverable online.

It has survived long enough for the copyright to expire and the book to enter the public domain. A public domain book is one that was never subject to copyright or whose legal copyright term has expired. Whether a book is in the public domain may vary country to country. Public domain books are our gateways to the past, representing a wealth of history, culture and knowledge that's often difficult to discover.

Marks, notations and other marginalia present in the original volume will appear in this file - a reminder of this book's long journey from the publisher to a library and finally to you.

### Usage guidelines

Google is proud to partner with libraries to digitize public domain materials and make them widely accessible. Public domain books belong to the public and we are merely their custodians. Nevertheless, this work is expensive, so in order to keep providing this resource, we have taken steps to prevent abuse by commercial parties, including placing technical restrictions on automated querying.

We also ask that you:

- + *Make non-commercial use of the files* We designed Google Book Search for use by individuals, and we request that you use these files for personal, non-commercial purposes.
- + *Refrain from automated querying* Do not send automated queries of any sort to Google's system: If you are conducting research on machine translation, optical character recognition or other areas where access to a large amount of text is helpful, please contact us. We encourage the use of public domain materials for these purposes and may be able to help.
- + *Maintain attribution* The Google "watermark" you see on each file is essential for informing people about this project and helping them find additional materials through Google Book Search. Please do not remove it.
- + *Keep it legal* Whatever your use, remember that you are responsible for ensuring that what you are doing is legal. Do not assume that just because we believe a book is in the public domain for users in the United States, that the work is also in the public domain for users in other countries. Whether a book is still in copyright varies from country to country, and we can't offer guidance on whether any specific use of any specific book is allowed. Please do not assume that a book's appearance in Google Book Search means it can be used in any manner anywhere in the world. Copyright infringement liability can be quite severe.

### About Google Book Search

Google's mission is to organize the world's information and to make it universally accessible and useful. Google Book Search helps readers discover the world's books while helping authors and publishers reach new audiences. ## RULES AND REGULATIONS.

---

THE ATHENÆUM is instituted for the association of individuals known for their Scientific or Literary attainments, Artists of eminence in any class of the Fine Arts, and Noblemen and Gentlemen distinguished as liberal Patrons of Science, Literature, or the Arts.

I.—The number of ordinary Members is fixed at Twelve Hundred.

II.—It being essential to the maintenance of the Election by Athenæum, in conformity with the principles upon which it was originally founded, that the annual introduction of a certain number of persons of distinguished eminence in Science, Literature, or the Arts, or for Public Services, should be secured, a limited number of persons of such qualifications shall be elected by the Committee. The number so elected shall not exceed Nine in each year. The elections shall take place during the months of January, February, March, and April. The Committee shall be specially summoned for the

purpose, at least one week before the intended Election; no Election shall take place unless Nine at the least of the Committee be actually present, and the whole of those present unanimous in their Election. Not more than one-third of the total number of persons to be thus admitted within the year shall be elected at any one meeting. The Club intrust this privilege to the Committee, in the entire confidence that they will only elect persons who shall have attained to distinguished eminence in Science, Literature, or the Arts, or for Public Services. The Names of Members so elected, are to be immediately hung up in the public rooms.

Election by  
ballot.

III.—Each Candidate for admission must be proposed by one Member, and seconded by another, and the Candidate's names and usual place of residence, his rank, (if in the Navy or Army,) his profession, occupation, or other description, shall be inserted, at the time of proposition, in the Book of Candidates. The names of the Proposer and Seconder must be in their own handwriting, that of the Proposer to be annexed at the time of proposal, and the Seconder's a week before the name can be put up for Ballot.

The name of no individual shall be inserted in the Book of Candidates until he shall have attained the age of eighteen, nor be suspended for Ballot until he shall have attained the age of twenty-one.

The Ballot (when there are vacancies) shall take place between the hours of Nine and Eleven o'clock P.M., on every Monday during the Months of

February,	March,	April,
May,	June,	July.

No Ballot shall be valid unless Twenty Members actually ballot; one black ball in ten shall exclude; and not more than Ten Candidates shall be balloted for on one day.—A List, containing the Names, together with those of the Proposer and Seconder, and the other before-mentioned particulars, must be put up in one of the public rooms, at least a week before the day of Ballot, dated and signed by the Secretary, who shall in every case, before any Candidate's name shall be inserted in such List, write to his Proposer or Seconder, requesting to be informed, at least one month before the day of Ballot, whether any alteration may have taken place in the residence, profession, occupation, or other description of the Candidate, since his name was inserted in the Proposing Book; and such Candidate's name shall not be put up for Ballot until these regulations shall have been complied with.

IV.—On the admission of each new Member, the Secretary shall notify the same to him, (in duplicate if abroad,) and shall furnish him with a copy of the Rules: he shall also request him to remit to the

Notification  
of Election.

Bankers of the Club an order for the amount of his Entrance-Fee and Subscription.

V.—As the payment of these sums will entitle a Member to enjoy every benefit of the Club, so it is to be considered as distinctly implying his acquiescence in the Rules of an Institution to which he thus voluntarily attaches himself, as well as his submission to the restrictions they enjoin, and to the penalties they enact.

Entrance  
and Sub-  
scription.

VI.—The Entrance-Money on admission shall be of such amount as the Committee may from time to time determine. Any alteration of the Annual Subscription must receive the sanction of a General Meeting. All Subscriptions shall be payable on the 1st of January in each year.

Members not  
qualified to  
vote.

VII.—No Member shall be admitted to ballot for a Candidate, or to vote on any occasion whatever, or to enjoy any other privileges of the Club, until he shall have paid his Entrance-Money and Annual Subscription.

VIII.—From and after the 1st day of February in each year, no Member of the Club can be allowed to vote at a Ballot, or to act as Member of the Committee, until he shall have paid his Subscription for *the current year.*

IX.—If a new Member shall not pay his Entrance-Fee and First Year's Subscription-Money, within Three Months from the day of his admission to the Club if he be in the United Kingdom, or within Twelve Months, if abroad, the Secretary shall report accordingly to the Committee, who shall cause his name to be erased from the List of Members, unless he can justify the delay to the satisfaction of the Committee.

X.—The name of every Member failing to pay his Annual Subscription due on the 1st of January, shall be hung up in the public rooms on the 1st of February; notice of which shall be sent to him, or to his Banker or Agent, by the Secretary: and if the Subscription be not paid on or before the 31st of March ensuing, *the Defaulter shall cease to be a Member of the Club, and his name shall be erased by the Committee from the Books accordingly.* Where any Member has not used the Club between the 1st of January and 31st of March, he shall be subject only to removal; but where a Member has so used the Club, he shall be liable to pay the Subscription for the current year.

XI.—Any Member who may be absent from Eng- Members  
land during the whole period within which the Abroad  
Annual Subscription is payable, may be considered becoming  
*as a Supernumerary Member, and be exempted from* Supernu-  
merary.

the Subscription during the continuance of such absence. Upon his communicating in writing to the Secretary his return to England, *and upon paying his Subscription for the current year*, he shall be admitted *without Ballot*, to all the privileges of the Club, until a vacancy occurs for his re-admission to the general List, when he is to be replaced by the Committee. The name of every Member availing himself of the above-mentioned indulgence must be entered in the "Book of Supernumerary Members;" and if his wish to rejoin the Club be not expressed to the Secretary within Three Months after his coming to England, he shall no longer be considered a Member thereof. The vacancy of a Member so becoming Supernumerary shall be filled up forthwith.

igible  
thout  
llot.

XII.—The Committee shall have power to elect from time to Time, without Ballot, any Princes of the Blood Royal, Cabinet Ministers, Bishops, Speaker of the House of Commons, and Judges, to be Members of the Club, over and above the complement of ordinary Members, but subject to the same regulations.

onorary  
mbers.

XIII.—Foreign Ambassadors and Ministers Plenipotentiary, Foreign Members of the Royal Society, and such other Foreigners of distinction for Science, *Literature, or the Arts, or for Public Services*, (not

exceeding Ten of the latter at one time,) as the Committee may deem it advisable to name, may be invited to become Honorary Members (without Admission-Fee or Subscription) during their temporary residence in England. No such nomination to take effect, unless Six Members at least of the Committee shall be present and concur therein. No Foreigner permanently resident in England can be admitted under this clause.

XIV.—There shall be Five Trustees, in whom the **Powers of Trustees.** pecuniary concerns of the Club shall be vested, and who shall have the power to adopt such measures, by making insurances, investing money, or otherwise dealing with the income and expenditure, as may appear to them necessary for the interest of the Club at large, whose representatives they shall be in all pecuniary concerns; and the signatures of at least one of the Trustees shall be necessary to sanction any payment.

XV.—The Trustees shall be, or shall have been **Description of Trustees.** at the time of Election, the Presidents of the Royal Society, the Society of Antiquaries, and the Royal Academy, together with two Members of the Club to be elected by the Committee; and, when not previously elected to the Committee of Management, they are to be considered as additional and permanent Members thereof. If any of the said Presi-

dents shall not be Members of the Athenæum at the time that an official Trusteeship should by the foregoing law devolve upon such President, the Committee shall have power to elect such President to be a Member of the Club; but if such President should decline being a Trustee or Member of the Club, the Committee shall elect one of the Members of the Club who may be willing to accept the trust. Though Trustees, when once elected, continue to be Trustees as long as they are liable to any legal pecuniary responsibility; and, in the case of the official Trustees, even although they should cease to hold the office in right of which they were elected; yet any Trustee shall be at liberty to resign that office, and shall be discharged from all future pecuniary responsibility as Trustee, from the time he shall signify (in writing) his intention so to resign; and whenever any Trustee who may have become Trustee by having held one of the Presidencies, shall cease to be a Trustee, the person holding such Presidency for the time being shall be elected into such vacancy, under the foregoing regulations.

**Power of  
Committee.**

**XVI.**—The general concerns of the Club shall be managed by a Committee consisting of Twenty-Four Members, exclusive of the Trustees, Eight of whom shall be elected annually, at the Annual Meeting: and they are to make such Regulations

(consistent with these General Rules) as they shall from time to time think necessary to the well-being of the Club; and their regulations and decision shall be considered as binding, unless set aside at a General Meeting of the Club, to be assembled as hereinafter directed.

XVII.—The Committee shall select, at some <sup>Appointment of</sup> Weekly Meeting previous to the Second Monday in <sup>Committee.</sup> May, Eight Members of their body, who are to go out, and shall nominate Eight other Members to fill up the vacancies; and the names of those who go out, as well as those who are proposed to supply their places, shall be hung up in one of the public rooms Fourteen days before the Annual General Meeting. They shall recommend these to the Annual General Meeting, at which every person present shall be furnished with a printed list of the names proposed, and shall vote by Ballot; but such General Meeting shall have the unrestrained power to elect any Eight Members of the Club at large, to serve on the Committee, that may be eligible. No Member (except the Trustees) can remain upon the Committee more than Three successive Years, or be eligible to serve again until after the lapse of One Year.

XVIII.—In the event of any vacancies occurring <sup>Vacancies in</sup> in the Committee, after the Annual Election on the <sup>Committee</sup> Second Monday in May, the Committee itself shall have the power of filling them up.

**Meetings of  
Committee.**

XIX.—The Committee shall, if possible, hold an Ordinary Meeting, on Tuesday in every week, or oftener, if necessary, at One o'clock, to transact current business, to audit the Accounts, and to confirm the proceedings of the foregoing week. Three of the Committee shall form a quorum on the days of meeting.

**Annual  
Meeting.**

XX.—There shall be held an Annual General Meeting of the Club, on the Second Monday in May, for the purpose of electing One-Third of the Committee for the succeeding year, and receiving a *Report* and *Abstract* of the state of the Accounts and general concerns of the Club for the Past Year from the Committee; together with an *Estimate* of the *Receipts* and *Disbursements* of the Current Year (which *Report* and *Estimate* shall be immediately printed for the use of the Members); and for receiving propositions for any new Rule, or alteration of any existing Rule of the Club. But no alteration of the Rules or Regulations of the Club shall take place unless upon a proposal in writing signed by Two Members, which shall be sent to the Committee One Month, and be hung up in one of the public rooms a Fortnight, before the General Meeting, and be printed and added to the Report. If any such new Rule or alteration shall be proposed and passed at such Meeting, a second Meeting shall be held on that day fortnight, for the sole purpose of ratifying or regulating any proposi-

tions which may have been voted on the Second Monday in May, except the choice of the Committee, which shall be final on the first election. The *Annual Abstract* and *Estimate* are to be laid on the tables of the Club a Fortnight before the General Meeting.

XXI.—If, at any other time, it shall appear expedient to adopt any new Rule, or to alter any old one, or to make any other proposition which may appear to require the sanction of a General Meeting, the Committee may call an Extraordinary General Meeting, on giving Fourteen Days' notice, *specifying, in the form of a Resolution, the object intended to be submitted, and the discussion shall be confined to that object only.* The Committee shall also call an Extraordinary General Meeting on the written requisition of Thirty Members, not being of the Committee, under restrictions similar to the preceding; but no question shall be discussed, and no proposition voted, which shall not have been distinctly stated in the requisition for the General Meeting. In case the proposition to be discussed should be connected with the conduct of any Member, a Ballot shall take place as to the result; but if that result should tend to the expulsion of the party, Two-Thirds of a Meeting of at least Sixty Members must concur therein.

**Notices of  
Extra-  
ordinary  
Meetings.**

**XXII.**—All notices of Extraordinary General Meetings, issued by the Committee, in virtue of the preceding Rule, must be signed by Ten of its Members, and be posted up in one of the public rooms of the Club for at least Fourteen Days previous to the day of meeting.

**XXIII.**—No proposition shall ever be adopted without the sanction of a majority consisting of Two-Thirds of the Extraordinary General Meeting, composed of at least Sixty Members.

**XXIV.**—No object, except what relates to the management of the concerns of the Club, shall ever be proposed or brought forward for discussion at any Annual or General Meeting. The Chair shall be taken at all Meetings at One o'clock precisely.

**XXV.**—The Club-house must be open every day for the reception of Members, at Nine o'clock in the forenoon, and be shut up at One o'clock A.M., after which hour no Member shall be admitted. Such Members, however, as may then happen to be actually within the house, are not to be restricted or influenced with respect to their departure by this Rule.

**XXVI.**—No Member shall, on any pretence or in any manner whatsoever, receive any Profit, Salary,

or Emolument, from the Funds or transactions of the Club, under the penalty of expulsion.

XXVII.—No Member shall give any money or gratuity to any of the Servants of the Establishment.

XXVIII.—No provisions cooked in the Club-house, or Wines or other Liquors, are to be sent out of the House, *on any pretence whatsoever*.

XXIX.—Any defect in a Breakfast or Dinner, complained of on the back of the Bill, and *signed* by the Member so complaining, must be especially noticed by the Committee, on settling the Weekly Accounts. And any inattention or improper conduct of a Servant is to be stated by *letter*, and *signed* by the Member complaining, which *letter*, being put into the Secretary's box, *must* be laid before the Committee at their *next* Weekly Meeting.

XXX.—All Members are to pay their Bills for every expense they incur in the Club, *before they leave the House*; the Steward having positive orders not to open accounts with any individual.

XXXI.—No Member shall take, or permit to be taken away, from the Club, under any pretence whatever, or shall injure or destroy, any Newspaper,

Pamphlet, Book, or other Article the property of the Institution.

XXXII.—No game of Hazard shall on any account be ever played, nor shall Dice be used in the Club-house.

XXXIII.—No higher stake than Half-Guinea Points shall be ever played for.

XXXIV.—Any deviation from the three last-mentioned Rules shall, on satisfactory proof before the Committee, be attended with immediate expulsion.

XXXV.—No Member shall, on any account, bring a Dog into the Club-house.

XXXVI.—Any infraction of the Rules and Regulations of the Club shall be taken immediate cognizance of by the Committee.

XXXVII.—All expulsions for breach of any of these Rules shall be the act of the Committee, at which, however, not less than Thirteen Members shall, on every such occasion, be present, and the Majority shall concur therein.

XXXVIII.—Any Member so expelled, whether

by the Committee or a General Meeting, shall forfeit *ipso facto*, all right to, or claim upon, the Club, or its property or funds, and shall cease to be a Member, without appeal.

XXXIX.—Each Member of the Club shall communicate his address, or *that of his Banker or Agent*, from time to time, to the Secretary; and all Notices, being sent to such address, shall be considered as duly delivered.

XL.—These Rules and Regulations shall be printed, and a Copy of them, together with a list of the Committee, shall be delivered to every Member of the Club, or transmitted to his address; but no Member shall be absolved from the effect of these Rules, on any allegation of not having received them.

EDWARD MAGRATH,

*Secretary.*

## REPORT OF THE COMMITTEE.

10th MAY, 1862.

THE announcement of the continued prosperity of the Club with which your Committee has been accustomed, for some years past, to preface its Report, may, with equal propriety, be repeated on the present occasion.

The Estimate on the year's Receipts and Disbursements, terminating on the 31st December, 1851, anticipated an excess of the latter to the amount of £847 11s. 2d. The actual balance, however, is in favour of the Receipts, which have exceeded the Disbursements by £43 6s. 6d., notwithstanding that a payment of £1023 9s. 10d. was made on account of the year ending 31st December, 1850; and an instalment of £1000, discharging the debt to the Phoenix Fire Office, was effected. Subsequently to the close of the Account, a further payment of £1000, on account of the debt due by the Club to other parties, has been made, reducing the total debt at the present moment to no more than £2000, against which the valuable property of the Club, in the House, Furniture, Library, &c., presents a balance of £44,812 4s. 7d.

The Estimate of the Receipts and Disbursements of the current year, renders it probable that there will be also a surplus in favour of the former, after payment of the £1000 alluded to; and it might be expected that, in the course of another year or two, the whole debt of the Club would be discharged. It will become necessary, however, in 1853, if not earlier, to clean and repair the House, and renew much of the furniture and fittings; and as the Club is well aware, from past experience, these arrangements cannot be carried into operation without incurring a heavy outlay, much exceeding its immediately available resources. The charge will therefore have to be defrayed by borrowing, and will again leave the Club in debt, for the gradual liquidation of which any annual surplus that may accrue through several years will be required. Your Committee, consequently, feel themselves compelled unanimously to recommend that no reduction shall be made in the rate of the annual subscription, but that it continue for a further period of three years to be six guineas per annum, or otherwise serious embarrassment may be anticipated from the inadequacy of the income of the Club to provide for the obligations entailed, by this extra but unavoidable expenditure.

The number of volumes contained in the Library is about 31,000. Many valuable accessions have been made during the past year, both by donation and purchase. Amongst the latter may be specified:—

## REPORT OF THE COMMITTEE,

9TH MAY, 1853.

---

THE Report which your Committee are enabled to present to you of the affairs of the Club during the past year, is of the same satisfactory tenour as those which have for some years past been laid before you.

The Estimates of the Receipts and Disbursements of the year, terminating on the 31st December, 1852, anticipated a surplus on the former, in addition to the payment of an instalment of £1000 on the outstanding debt, and this anticipation has been realized. The total amount of Disbursements is £11,373 13s. 6d., that of Receipts £11,051 17s. 10d., showing an apparent balance against the latter of £321 15s. 8d., which has been borrowed from the Receipts of the current year, 1853, to balance the account. The Disbursements, however, on account of the current charges of the Club are but £9373 13s. 6d., giving a surplus receipt of £1681 2s. 4d., of which £1000 was applied to payment of the debt; a similar sum, composed of the balance and of the sum advanced from 1853, was invested in Exchequer bills, and this has since been ~~also~~

applied to the further liquidation of the debt, making it at the present moment no more than £1000. It is to be observed also that the Disbursements include a charge not comprised in the Estimate—the expenses attending the fitting up of the Club on the occasion of the Duke of Wellington's funeral, amounting to £538 12s. 6d. It may be satisfactory to the Club to be informed that the arrangements then adopted provided seats for 653 ladies, and that above 1200 persons, members and visitors, were accommodated during the day.

The Estimated Receipts of the year 1853 are stated at £9797 9s. 4d.; the expenses, including the instalment of £1000, at £8634 16s.; leaving an expected balance of £1162 13s. 14d. in favour of the year's transactions. But, on the other hand, the Committee have directed their attention to the approaching necessity which exists for a general Repair of the Building, and for the expediency of enlarging it in consequence of the large increase in the Library, and also for the greater accommodation of the Members—arrangements which will involve a very considerable outlay.

There is a special addition to the Receipts of the present year on account of the Library, a legacy of £500 in the 3 per cent. Consols having been left by the Rev. Charles Turnor, for the purpose of being laid out in the purchase of books for the Club.

Many valuable additions have been made to the Library during the past year, and the Club continues to receive, in the form of donations, frequent proofs of the interest taken

in the collection by members and others. Amongst the purchased Books may be specified the following:—

#### HISTORY AND TOPOGRAPHY.

- Litta (Pompeo), Famiglie celebri Italiane. 8 tom. *Milano*.
